W.P.W.P.C.A. TRAINING NOTICE

Confined Space Entry Refresher – DEP Course #1143

Confined space entry accidents remain one of the leading causes of major injury and death in the American work force. The Confined Space Entry course trains employees to recognize the hazards entering into and working in a confined space. The training course provides both classroom instruction and hands-on experience. Employees must be aware of the many hazards associated with confined space entry and understand that with the correct training they can safely work in confined spaces.

INSTRUCTOR: Tom Repole, CET, CHMM
ISC Safety Consulting and Training
